

Resistor Questionnaire

Briefly describe how the resistors are to be used:

FOR PULSED DUTY CYCLESRated Energy (kJ): Maximum Voltage (kV): Resistance (Ohms): Rated Power (Watts): Time Between Pulses: Maximum Current: **FOR CONTINUOUS DUTY
(AC or DC)**Maximum Voltage: Resistance (Ohms): Max. DC Current: Max. AC Current (rms): Rated Power (Watts): Do you plan to cool the resistor? Flowing Air Oil OtherOperating Temperature: Production Quantity: Name: Title: Company: Address: City, State, Zip: Phone: Fax: E-mail: **HIGH ENERGY RESISTOR**
